Education

RV Institute of Technology and Management, Bengaluru B.Tech in Computer Science and Engineering CGPA: 8.6	2023–2027
Expert PU College, Mangalore Class 12 (State) – 90.0%	2023
Shri Siddhi Vinayaka Residential School, Kundapura, Karnataka Class 10 (ICSE) – 91.2%	2021

Technical Skills

- **Languages:** C++, C, Python, Java, JavaScript
- **Frameworks:** React.js, Node.js, Express.js
- **Cloud/Databases:** MongoDB, MySQL, Vercel, Render
- **DevOps/Tools:** Docker, Docker Compose
- **Core Subjects:** Data Structures, Computer Networks, Operating Systems, DBMS, Object-Oriented Programming (OOP)
- **Tools and Platforms:** Git, GitHub, VS Code

Projects

AI-Based Gaming Behavior Prediction and Monitoring System Apr. 2026–May. 2026
Full-stack gaming behavior monitoring system with AI-driven risk prediction

- Tools: React.js, Node.js, Express.js, MongoDB, Random Forest, Python, JWT, Tailwind CSS, WebSockets, Axios.
- Developed a full-stack gaming behavior monitoring platform with secure authentication, session tracking, and real-time dashboards.
- Integrated a Random Forest model via REST APIs to predict user behavior from gameplay patterns.
- Implemented JWT-based authentication with role-based authorization and protected REST APIs, ensuring secure access control and scalable session management.
- Developed Express.js REST APIs with MongoDB and WebSockets for gaming sessions, predictions, and alerts.

SplitReceipt — AI-Powered Receipt Splitting Feb. 2026–March 2026
OCR + LLM-powered full-stack app to parse and split restaurant bills

- Tools: React.js, Node.js, Express.js, MongoDB, OCR.space API, Groq LLM API, JWT, HttpOnly Cookies.
- OCR and LLM based receipt parsing into structured JSON.
- Proportional tax splitting engine.
- JWT authentication with refresh tokens.
- Express REST API with Mongoose schemas.

Additional Information

- **Certifications:** Infosys Springboard – Data Structures; Cisco Networking Academy – Networking Basics.
- **Roles of Responsibility:** Served as a Technical Team Member, managing sound systems and lighting setup during college events to ensure smooth event execution.
- **Strengths:** Quick learner with strong analytical and problem-solving skills, effective communication abilities, and a passion for continuous learning and professional growth.
